All Females: Cats and Dogs will receive **at no charge** a permanent marking of the surgery incision or client may choose ear notching also at no charge (cats only). All Male adult Dogs will also receive this permanent marking **at no charge**. This marking can help identify your pet as already having been spayed or neutered; client may specify no marking if having pet micro-chipped at above listed fee.

BASIC INFORMATION

SICSA offers FVRCP/DHPP vaccinations for \$15 at the time of surgery. If your pet has not had prior vaccinations, for better immunity it is recommended that you have a second vaccination completed in three weeks at your vet. Rabies is the only required vaccination but we strongly encourage that all vaccinations be current. Surgeries are done at SICSA. The day of surgery, you will arrive between 7:30 and 8:15 a.m. for check in of your pet (please allow 45 minutes). Your pet will be ready to go home later in the day: usually between 4:00 & 5:00 p.m. SICSA also performs pediatric surgeries – your pet may be spayed or neutered as young as eight weeks of age. **\$20 Reschedule Fee if appointment changed less than 72 hours prior to appointment. Please arrive and pick up at your scheduled time – a late fee may be charged if arriving or picking up after scheduled time**

PROOF OF INCOME and RABIES VACCINATION and PAYMENT MUST BE SUBMITTED WITH YOUR APPLICATION – THEN YOUR APPOINTMENT WILL BE SCHEDULED

Proof of income: Income Tax copy; W-2; Social Security (Direct Deposit Statement); SSI; or Food Stamps
