**SICSA's Summer Camps are Beyond Fun**

January 25, 2019 –Kettering, OH – While looking out your window, summer may seem far away, but the fact is that NOW is the time to start registering your favorite 7-17 year olds for summer camps. SICSA Pet Adoption Center is hosting *just 4 weeks* of humane summer camps this year. Each camp is designed to be fun, interactive educational and service centered opportunities. Campers learn about the responsibility of pet care, veterinary science, and animal related careers through a variety of animal visits, expert guest speakers, exciting games, volunteering, and art projects.

Each week of camp has a different animal centered theme. For example Pet Pals for 7-10 year olds helps children understand the relationship between pets and people. Meanwhile another week is called *Paw It Forward* which is 5 days of workshops, where teen campers can *earn up to 30 volunteer hours* to fulfill their service project requirements! All of these SICSA camps focus on Humane Education which encourages respect, empathy, and kindness in its campers.

SICSA's week-long camps are a wonderful opportunity for young people to learn not only about caring for animals but also about how to treat others. **"These camps are not only educational and fun, but research has shown that youth who participate in humane education programs are less likely to bully or be bullied"** reports Carlette Jewell, SICSA's Humane Education Manager. SICSA is very proud to be the **only nationally certified Humane Education program in South West Ohio.**

Space is limited, and early registration is encouraged. For more information, and to register, please visit [www.sicsa.org/animal-adventure-camp](http://www.sicsa.org/animal-adventure-camp)
